

AIM LCR3 Series

When mounting a speaker in the wall, it is often preferable to have the smallest footprint possible. In smaller rooms, the AIM LCR3 provides great sound quality in a very small package. Now smaller theaters can benefit from SpeakerCraft's famous AIM technology.

Measuring only 6" wide by 9" tall, these speakers provide all of the features of their larger siblings. The entire baffle pivots to allow sound to be focused at the listening area. The tweeter also pivots independently for even more flexibility.

Hear everything the artist or director intended you to hear. Don't let the size of your room effect the quality of your sound or the level of your enjoyment.

AIM LCR3 Five

- 1" Pivoting Aluminum Dome Tweeter
- (2) 3" Pivoting Kevlar Cone Woofers
- Efficiency: 86dB 1W/1m
- Frequency Response: 60Hz - 20kHz
- Patent Pending

AIM LCR3 Three

- 1" Pivoting Aluminum Dome Tweeter
- (2) 3" Pivoting Aluminum Cone Woofers
- Efficiency: 86dB 1W/1m
- Frequency Response: 78Hz - 20kHz
- Patent Pending

AIM LCR3 One

- 1" Pivoting Silk Dome Tweeter
- (2) 3" Pivoting IMG Cone Woofers
- Efficiency: 85dB 1W/1m
- Frequency Response: 80Hz - 20kHz
- Patent Pending

* All AIM Speakers come with Limited LIFETIME Warranty

* As we incorporate design improvements, specifications may change without notice
