PTJ-40

INSTRUCTIONS

SpeakerCraft®

LIMITED 5-YEAR WARRANTY

SpeakerCraft warrants this product to be free of defects in materials or workmanship. This extends for five years from the date of purchase by the original consumer. Any products returned to SpeakerCraft and found to be defective by SpeakerCraft within the warranty period will be repaired or replaced, at SpeakerCraft's option, at no charge. SpeakerCraft will not be responsible for the actual cost of installation or removal of the product, nor for any incidental or consequential damages. Some states do not allow the exclusion or limitation of incidental or consequential damages, so the above limitation may not apply to you. This warranty gives you specific legal rights. You may have additional legal rights that vary from state to state.

PTJ-40

40' 3.5mm Plug-to-Jack Extension Cable

Fits 3.5mm Mono Mini Phone Jack at one end
and 3.5mm Mono Mini Phone Plug at the other

The PTJ-40 can be used as an extension between components or devices having a 3.5mm mono mini phone jack at one end and a 3.5mm mono mini phone plug at the other.

A typical application is the extension of emitter leads terminated in 3.5mm mini phone plugs. **NOTE:** For best IR control performance, emitter lead extensions in excess of 40' are not recommended.
