PTS-3 3.5mm Plug-to-Stripped-Ends Cable

Fits 3.5mm Mono Mini Phone Jack - Stripped Ends fit Bare Wire Terminals

The PTS-3 provides a convenient means of connecting between components or devices having a mono mini phone jack at one end and screw type or other bare wire connecting terminals at the other.

A typical application is connection of the Zone IR OUT jacks of the EZC-1.0 to the IR Signal and GND screw terminals on the Zone IR Receiver INPUTS of the Eazy6 Six-Zone Preamplifier.

LIMITED 5-YEAR WARRANTY

SpeakerCraft warrants this product to be free of defects in materials or workmanship. This extends for five years from the date of purchase by the original consumer. Any products returned to SpeakerCraft and found to be defective by SpeakerCraft within the warranty period will be repaired or replaced, at SpeakerCraft's option, at no charge. SpeakerCraft will not be responsible for the actual cost of installation or removal of the product, nor for any incidental or consequential damages. Some states do not allow the exclusion or limitation of incidental or consequential damages, so the above limitation may not apply to you. This warranty gives you specific legal rights. You may have additional legal rights that vary from state to state.
